

White Point Harbour

CHS Chart No: 4363 – Cape Smoky to St Paul Island

Amenities: dockage, water, diesel

Harbour Authority: NVSPHA¹, (902-285-0010, e-mail: nvspaha@hotmail.com). Fees apply for dockage.

Description:

The harbour is one of the few along this coast which is accessible in a strong easterly wind. The harbour is small, and should be avoided, except in an emergency, during Lobster Season, which generally runs from the second Saturday in May to the second Wednesday in July, but may vary (see website for latest info). Diesel may be available from the fish harvesters supply.

There are good depths alongside the small wharf. Anchoring close-in should be avoided due to a number of large mooring anchors, Most lobster boats use moorings due to the small size of the wharf.

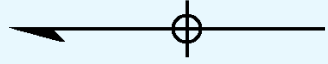

Navigation:

Tidal range on a 'large tide' is about 4 feet. Use tidal predictions for Dingwall.

Created: 2017-08-23

¹ **NVSPHA**, North Victoria Six Ports Harbour Authority, with offices located in Neils Harbour, is responsible for the harbours of Dingwall, White Point, New Haven, Neils Harbour, Ingonish, Ingonish Beach, and Ingonish Ferry.
